“Bluegrass & Beyond” w/ Jeffree White & Jan Reimers

duo w/ guitar, mandolin & vocals

Tuesdays noon-2pm

at the Huerto Cafe: Hidalgo 212 in Riberas del Pilar

Expert mandolinist Jan Reimers and multi-instrumentalist Jeffree White share a love of bluegrass, but also much more music than that! They present a variety of instrumental & vocal music, inspired by David Grisman's "Dawg music", vintage swing, fiddle tunes, exotic waltzes, Latin rhythms, some classic rock, and traditional bluegrass with vocal harmonies -- and plenty of lively, hot pickin'! You can find several videos in a playlist on YouTube (search band name or our names).

MARJORIE PRIME by Jordan Harrison takes place some 40 years into the future. With this glimpse into the future - you will see the core family has not changed much. Emotional baggage is still evident, to be sure. But most importantly, this play is about MEMORY - selective memory to be exact - what we wish to remember, but also those things we do not. This inescapable human condition informs these characters' thoughts, feelings, behaviors and basic identity. And the play also poses a what IF - what if with advance technology as an aid, we developed the possibility of communicating with loved ones who have passed. What would the conversation be? Would it be healing or wounding? It is this tension, between selective memory and
